

Although Bizerba has not invented the weight, we have definitely paved the way for modern weighing technology. Since 1866, our name - like no other - has stood for efficient weighing, slicing and labeling solutions. Today, we operate in 120 countries with approximately 4.300 employees.

For our location in Buenos Aires, Villa Martelli we are looking for:

Developer Junior or Semi senior (m/f/d) to join our Solutions/IT Department Staff

Your tasks:

- Development of new applications
- Maintenance of existing applications
- Implementation support

Your qualifications:

- University studies in programming/programming technician
- More than one year of proven experience in the following technologies: C#, Xamarin, Javascript, ASP.net, HTML, SQL Server (tables, views, queries and stored procedures)
- English language skills are a must, preferably at an intermediate level and above.
- Up to 45 years old preferably
Proactive and results-oriented

Our offer:

- Private medicine for family group: OSDE 210
- Remote work/on site (hybrid)
- Quarterly salary adjustments according to CPI
- Additional per day of travel (inside/outside the country) and support subscriptions

At Bizerba, we bring together the traditional values of a family-run company and the international career development opportunities of a globally operating group. That is what we call "Bizerba Open World" and we are looking forward to developing this further together with you.

Your application:

We are looking forward to receiving your application - specifying the earliest possible date of joining and desired salary.
