

Although Bizerba has not invented the wheel, we have definitely paved the way for modern weighing technology. Since 1866, our name - like no other - has stood for efficient weighing, slicing and labeling solutions. Today, we operate in 120 countries with approximately 4.300 employees.

For our location in Buenos Aires, Villa Martelli we are looking for:

Electro-mechanical Technician (m/f/d) to join our Service Department Staff

Your tasks

- Fundamentally repair of machines for the food sector (slicers of cold cuts/meat, mincers/processors of vegetables, meat and bakery products). These machines have mechanical parts and electric motor/s, which according to the model can grow in complexity involving electronic boards for their control with various safety modules. Repairs can be carried out in the workshop or at our customers' plants.
- Control of the arrival of new equipment, verifying its good condition and correct operation.

Your qualifications:

- Electro-mechanical technician, graduated with a qualification, with knowledge of the interpretation of electrical and/or electronic plans.
- To have a valid driver's licence, covering the category of van-type vehicles.
- English and/or German language skills are a must, preferably at an intermediate level and above.
- Availability to work in low temperature environments, as some of our customers are refrigeration companies that require on-site repairs.
- Availability to travel within the country, as well as abroad (Latin America). Clarification: the transfer in case of national trips, depending on the destination and time of attention, can be done in a company vehicle or by plane.

Our offer:

At Bizerba, we bring together the traditional values of a family-run company and the international career development opportunities of a globally operating group. That is what we call "Bizerba Open World" and we are looking forward to developing this further together with you.

Your application:

We are looking forward to receiving your application - specifying the earliest possible date of joining and desired salary.
