solutions and options.

Product description

The Bizerba compressed gas cleaner is the right solution for gentle dry cleaning. The targeted, powerful air jet enables it to remove particles even from areas that are difficult to access or from sensitive components. Ideally suitable for use on equipment, systems, air grids or keyboards. Benefit from its easy, time-saving and safe handling: Free of abrasive substances, you will achieve results without any residue with the compressed gas cleaner. Yet another highlight: The gentle cleaning effect reduces wear. As you clean, you protect your investment, increasing its accessibility and sustainability. The Bizerba product is certified with the NSF Hygiene Standard C1 Nonfood Compounds.

Available container size 400 ml
