BIZERBA

RetailApps - discover the small functional units with major impact. These useful applications supplement the scale solution RetailPowerScale thereby combining individuality with the advantages of a standard software. Of modular design, readily available and at an attractive price.

More information
High performance with a wide range of solutions and options.

PaymentManager - VoucherPay

Easy payment option by means of vouchers: Integrate the payment wit vouchers and process payment transactions in an easy and transparent manner via the RetailApp PaymentManager.

Product description

The RetailApp PaymentManager connects various payment systems to Bizerba PC scales. VoucherPay allows payment with vouchers and integrates it in the payment process of the PC scale software RetailPowerScale. Vouchers can be redeemed on the scale during payment in an easy and fast manner. The operator display allows the operator to see the current transaction status as well as details on partial redemptions and open voucher credits. Payment with vouchers is processed in a fast and uncomplicated way with the VoucherPay System.

Functionality

– Payment with vouchers
– Status messages of the transaction directly on the scale
– Easy operation due to direct integration in the RetailPowerScale payment process

Benefit

– Expansion of payment options in the market
– Immediate installation possible
– Fast and uncomplicated processing
